wind, solar, biomass, and hydropower, by 2025.		
Limit to not more than 1% per year electric utility rate increases charged to consumers		
only to achieve compliance with the renewable energy standard.		
Allow annual extensions of the deadline to meet the 25% standard in order to prevent		
rate increases over the 1% limit.		
Require the legislature to enact additional laws to encourage the use of Michigan made		
equipment and employment of Michigan residents.		
Should this proposal be approved?
